"MY UNCLE FROM JAPAN."

A Brief Summary of Events that
Take Place in This Beautiful
Three Act Comedy

TEMPLE THEATRE, SATURDAY NIGHT

Uncle Obadiah Dawson, having seen a photograph of Clarice Dalroy, fell in love with it, sent his nephew, Capt. Robert Racket, to investigate and see if she was really as pretty as her picture and arrange for his marriage to her. Bob went, found that she was all this and even more; proposed on his own account and married her himself. In the meantime Bob writes his uncle that Clarice is not at all like the picture and that her father was a bankrupt, etc. Uncle Obadiah is very grateful to his nephew for all this, goes to Japan to find a quiet and peaceful life. Bob, after marrying Clarice and thinking he had fooled his uncle so completely, takes her to visit his old friend and schoolmate, Timothy Tolman.

Timothy's home is a lovely place on the Hudson near new York. He married for money and is sorry for it. He finds Mrs. Racket's company very enjoyable except when his guardian angel interferes and makes things very unpleasant for her Timmy.

When all seems lovely and not a cloud appears to mar his happiness, Bob receives a letter from Uncle Obadiah, (but he failed to see the P. S. to the letter explaining that he had decided to make a flying trip to New York) until it was too late for him to get out of the way, for it would never do for Uncle Obadiah to run into Clarice. This throw him into a panic and Bob has to do some tall told lying. He succeeds in making Uncle Obadiah believe that Clarice is a tunatic and makes Clarice believe that Uncle Obadiah is a raving maniac. One lie brings on another, and another, until he is compelled to send his wife to New York until he makes way with his uncle. He persuades Tim to go with her to her father's. Tim is a little shaky on his wife's account, but he goes. They go to a theatre and to the cafe afterwards where he gets beastly drunk, loses Clarice and "he don't go home till morning."

Uncle Obadiah sees Clarice at the cafe and when he returns he tells Bob that he saw the original of the photograph and was going to bring her home and marry her. Clarice unexpectedly returns from New York and makes more misery for Bob. Uncle Obadiah and Clarice come face to face and the mystery is solved and they at last understand the situation and set about to punish Bob. She makes him believe that she smokes, drinks and is up to anything awful. After punishing Bob awhile and giving Uncle Obadiah a round on the side and Mrs. Tolman learns that her Timmy is not so bad after all, etc., everything is serene.

OLIVER MAYES,

Of This City, Passes Away Monday Morning.

Oliver, the fifteen-year-old son of Mr. R. E. Mayes, of this city, died at 1:30 o'clock Monday morning. While he had been ill for some time it was not thought that his illness was serious until a short time before death took place. Oliver attended the public school at this place and was a bright boy well liked by his schoolmates. He was carried to Greer, Tenn., the old home of his parents, for burial.

THIEVES BREAK IN

Store and Tinsmith of Farnsworth & Rootz and Steel Cutlery.

The tinsmith and store of Farnsworth & Rootz of this place, was broken into by thieves Sunday night and several dozen knives and forks were taken. As far as could be learned nothing else was disturbed. Entrance was made through a rear window. No clue to the guilty parties has been discovered yet.

HOUSE CAUGHT FIRE.

Promptly Saved by Bucket Brigade—Damage Done was Slight.

The residence of Judge W. H. Trahan, of Nortonville, caught fire from a defective flue. As the house was built on the creek and sufficient water was handy the bucket brigade quickly formed and extinguished the fire before material damage was done.

BUSINESS CHANGES HANDS.

Jno. Coyle, who has been running a bakeshop here for sometime, has sold his fixtures to Geo. Toy. Mr. Toy will move the chairs and other things to his shop on Main street. Mr. Coyle has gone to Howell on a prospecting tour and with a view of locating there.

Laundry Business Changes Hands.

Geo. Toy this week sold to Benjie Wilson his laundry business, horse and wagon. Benjie is now the agent for the Madisonville steam laundry and his brother, Welby, will to the business for him.

Lenten Season.

The moon's phases control the Lenten season observed by the Catholic and Episcopal and some branches of the Lutheran and Evangelical churches. The season of Lent will accordingly begin early this year. It will begin with Ash Wednesday, Feb. 28, and continue for forty days, exclusive of Sundays until Easter, which falls upon April 15.

MAGNIFICENT EAST ROOM OF THE WHITE HOUSE,
In which the Longworth-Roosevelt Marriage Ceremony Occurred.

This magnificent room has been the scene of many brilliant social functions extending over a period of many years since the rebuilding of the White House in 1818. It is here the president's receptions are held, and it is in this room that several of the president's most important social occasions, the most notable being the marriage of the daughter of President Grant. It is magnificent in proportions, as well as in decoration, being 60 by 80 feet.

WHITE HOUSE WEDDING
OVERSHADOWS OTHER EVENTS.

President Wants Strenuous Camp Life for
Army and Guardsmen.

Washington, Feb. 12. (Special)—The White House wedding is the topic that overshadows all others this week. The dressmakers in and New York are working overtime on marvellous "creations" in order to have them ready for the great event. Miss Roosevelt's wedding dress is nearly completed among others. It is said to be a marvel of embroidery, but otherwise it is severe. The material is heavy cream

rule of no amendment made, it useless to consider the bill, said that it would be better to pass it along to the Senate where it would receive sane treatment. The measure was bitterly attacked and in failing to provide for any appeal from the rulings of the commission shows a weakness which will probably be its undoing in the Senate. The President in his messages has twice advocated judicial review of the commission's findings and this fact together with a like feeling in the Senate will, it is believed, produce a bill providing for such a review.

Dr. H. W. Wiley of the department of agriculture, is beginning to think that this world is a hollow sham after all. Last week he purchased some lamb chops from a local butcher only to learn on reaching home that one of the chops at least had never grown on a lamb since it was visibly manufactured by fastening a piece of meat of questionable age and origin, to a bone of the desirable shape. The horror of the fraud so worked upon the doctor that

MOST WORTHY RELIEF MOVEMENT.

For more than a month past American missionaries and Christian natives in Japan have written of the prevalence of famine conditions in the Northern Provinces of the Mikados empire. In the great war with Russia, Japanese farmers left their fields and their homes by tens of thousands to follow the standards of their country, and to prevent it and the whole of Western Asia from falling under the power of Russia. At what fearful cost the war was carried on the rest of the world need not be told. The old men, women and children who were left behind made a brave but ineffectual struggle for existence, but are now the victims of pinching poverty and must depend at least until the next small crops are made up, charity.

Conservative estimates show that there are over 960,000 persons in Northern Japan who are now suffering from actual starvation. The Japanese government is doing all it can through a relief system to relieve the suffering; but the long war which robbed Japan of thousands of her bravest sons, has so depleted the national resources that the help afforded from that quarter is quite inadequate. Therefore the missionaries have appealed for aid from America as the friend of Japan. An urgent appeal for aid has recently been sent out for Japan signed by a committee of missionaries representing the various church at work in the field.

This appeal has taken on a local interest for the people of Earlington and surrounding towns, for the reason that Miss Alice Miller, so well known and well beloved by our people, recently returned from her labors as a missionary in Japan, is actively interested in this relief movement. The Bee urges all those who can contribute to this fund to do so now. Miss Miller has already forwarded at least one remittance to Japan and has some other money in her hands which she hopes will be added to, so that a sum sum may be sent within the next week. We suggest that friends send Miss Miller and talk with her and give her their contributions. Or contributions of any amount will gladly be received by the editor of The Bee from those who may find this more convenient and such contributions will be forwarded in Miss Miller's hands to be forwarded for relief of the suffering Japanese.

Mr. and Mrs. O'Brien Entertain.

Mr. and Mrs. J. D. O'Brien entertained quite a number of their friends at their beautiful home on Farren avenue last Friday evening; cards being the chief amusement. Delightful refreshments of three courses were served, after which the guests departed with many pleasant memories of the evening.

Lincoln's Birthday Celebrated.

Frankfort, Ky., Feb. 12.—The legislative bodies of Kentucky and its officials fittingly observed the birthday of Abraham Lincoln by a joint meeting in the hall of the House of Representatives this afternoon. The Senate transacted no business during the day. A set programme was carried out. The chief speakers of the day were Chief Justice J. P. Hobson of the Kentucky Court of Appeals; State Senator Benjamin Sewell of Wolfe City, and President H. K. Taylor, of Louisville.

Wisdom is knowing what to do next; skill is knowing how to do it, and virtue in doing it.—Jordan.

BISHOP H. Y. GATTERLEE.

Shoulds dominate in everything, not excepting wedding gowns. A flounce of old point lace will be the only decoration of the full skirt. The train of square design, lined with cream taffeta silk, will complete the wedding costume." This is the official description by the modiste. Incidentally Miss Roosevelt will wear the wedding veil that her mother was married in. And as there will be no official list of wedding presents! It will probably always remain unknown whether or not the gifts of a sympathetic world will reach the total of \$1,000,000 as has been reported. But it is now considered likely that history will repeat itself and this amount will double down something after the manner of the total of the gifts brought back from the Philippines, which from several hundred thousand dollars came down to two thousand dollars.

The House in passing the Hepburn bill surprised nobody. It did just what was expected of it, but the measure is regarded as a piece of political expediency by those who know how the lame lies. There was no difficulty to climb onto the wagon and the votes of some are doubtless accounted for in the explanation of Gen. Grovernor of Ohio who, feeling that the iron clad

The beautiful old home over which a daughter of President Roosevelt presides was one of the first of the now many fine residences to grace Grandin road, the center of the aristocratic section of Cincinnati. The house is not far from the river. It is surrounded by beautiful grounds, and the building itself has that dash and grace which has made the combination of good things with rare taste. Here Congresswoman Longworth has lived with her mother who is counted one of the most gracious of the hostesses of Cincinnati.

Col. F. B. Hartje entertained a few of his old Confederate friends at his residence in Morton Gap a few days ago in honor of the fortieth anniversary of his marriage. It is entirely unnecessary to say that this was a most interesting gathering and the guests had an enjoyable time.

The guests were: Col. L. D. Hooker, Col. Frank Laffoon, A. E. Rose, J. J. Glenn, W. H. Hart, Willis Davis and Henry Shaw.

The Junior Mission Band of the Christian Church, which was organized last summer with fifteen members, has increased to fifty, and is doing splendid work. Their meetings are held twice a month, and the band is a credit to the church, their valuable talent in leading meetings and taking part in public service. Mrs. M. B. Long and Mrs. Harriett Browning are the superintendents of this work.

That Contain Mercury,

as mercury will surely destroy the sense of smell and completely damage the whole system, will be carried through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do far from the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is good to use, as it acts internally, acting directly upon the mucous and mucous surfaces of the system. In buying Hall's Catarrh Cure, make sure you get the genuine.

It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

For an hour and a half Thursday night the moon was in full eclipse. It entered in the first stage of the eclipse about 11:45 o'clock and emerged from the shadow at 12:27 a.m. Very few people here witnessed the occurrence on account of the late hour at which the eclipse took place. The moon was still visible for a short time after the moon, probably being due to the refraction of the sun's rays through the atmosphere. This being the first eclipse of the year, was especially important to all the astronomers.

Mr. Wittry, the painter, has just completed the finishing touches to the residence of Mrs. Cora Peyton. The house is a residence of no importance and Mr. Wittry just deserves the reputation he will receive for a first class workman.

The season's hit is "My Uncle from Japan."

Buster Brown.

Manager Franway, of the Morton Theatre, Madisonville, has booked Buster Brown for Monday night, Feb. 19, and one of the largest of the season can safely be expected. As usual the children are there, and can make a beautiful scenery and the "show girls" are "American beauties." "Welcome, Buster Brown," will be the cry for a few days until the company arrives.

OLIE JAMES' AMENDMENT.

(Continued from Page 1.)
tion of which Mr. Bennett is a member has prepared a bill which will shortly be brought before the House. The President is strongly in favor of the measure.

PRESIDENT ROOSEVELT.

Mr. Wallace, in his testimony before the Senate Committee on Inter-oceanic Canals this week shed some light on his opinion of the relative values of a commissioner at Panama and one who stays at home. He told the members of the committee that \$30,000 was not so much as to pay Mr. Stevens for the responsibility and the work. On the other hand he said that the commissioners who remained in Washington were well enough paid.

"Then Mr. Stevens would get as much as six of the Senators present?" queried Senator Morgan.

"I presume so; and he earns it."

"We are getting all we are willing to take," replied the Senator.

"I doubt that," answered Mr. Wallace, a reply that caused a shout of laughter.

President Roosevelt and Secretary of War Taft will bring all possible pressure to bear on Congress to have it appropriate \$1,000,000 so that the regular army may live under canvas for two months this year. They are willing to go on record as asking for \$1,200,000 so that the National Guardsmen of the several states may be included in the outing, which will not be anything in the nature of a summer vacation, however. The army will undergo all the hardships it would meet with

in times of actual war, except the privations caused by an enemy. The President would have the infantry march 300 miles to camp, and the same distance on their way back, and cavalry would be compelled to ride 300 miles there and the same distance on the return. The benefits derived by the militia through its two-month's association with the regulars, would be great.

Representatives from Kentucky and Tennessee took a prominent part in the debate prior to the passage of the Hepburn rate bill. Mr. James offered an amendment making it unlawful for any officer, director, or stockholder of any corporation engaged, as a common carrier to contribute to any political fund. As there are some 300,000 railroad stockholders the amendment would have had a sweeping effect. Mr. Gaines offered an anti-pass amendment which caused some amusement as he insisted in discussing its merits, and was continuously and hilariously applauded.

"You must all have your passes in your pockets," he ejaculated shaking his finger toward the republican side. On a vote both amendments were of course defeated according to the agreement of the committee.

Appointments in Kentucky and Tennessee have been few this week. The Senate has received, however, nominations as follows: Jacob B. Goffman to be postmaster at Russellville, Ky., and Robert F. Hann to be postmaster at Milan, Tenn.

TWO CASES OF SMALLPOX.

Madisonville Officials Taking Care to Prevent Further Spread.

CAUGHT FROM ITALIAN LABOREES.

Two cases of smallpox resulted at Madisonville from the passage some three weeks ago of the band of infected Italian laborers through there to work on the railroad grading near Providence. Both are distinctly traceable to this source of infection and the health authorities are looking after them carefully to prevent any further spread of the disease. It would be a great misfortune if this malady should spread at this time of year, as it would mean a flight to summer and a great loss in many ways to the community.

The two cases are Bob Hall and Bishop Witherspoon. Mr. Hall was night operator there. Young Witherspoon was a messenger boy employed about the telegraph office, and is a brother of Elmer Witherspoon, of this place.

Mr. D. M. Woodbridge, the railroad agent at Madisonville, who was ill and feared the disease was smallpox, is out after a slight illness and freight.

There was a rumor yesterday of a third case but the rumor seems unfounded.

They never gripe or sicken, but cleanse and strengthen the stomach, liver and bowels. This is the universal verdict of the medical authorities who use "W. & L. Little Early Risers." These famous little pills relieve headache, constipation, biliousness, jaundice, torpid liver, swollen condition, etc. Try Little Early Risers.

To Hunt "Rich" Byers.

Terre Haute, Ind., Feb. 9.—Dr. L. S. Byers today received \$1,374 contributed at Evansville for the fund to search for his son "Rich," supposed to have been kidnapped two months ago. The doctor had just returned from Tennessee and Arkansas, where he went to follow two clues, both of which failed, and today started for Kentucky on another.

The Kind You Have Always Bought.

STRANGE ADVICE!

Dr. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual service to those afflicted with coughs, colds and other troubles of the consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, we would give a doctor. "We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other medicines. Our concern is German Syrup makes it possible for us to give such advice."

"We have over 35 years that one 75-cent bottle of German Syrup has speedily relieved the most coguous, bronchial or lung trouble and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders." [New trial bottles, 25¢; regular size, 75¢.]

The Rev. W. Williams in his "Personal Reminiscences of C. H. Spurgeon" tells an anecdote concerning the great preacher as a smoker. Some gentleman wrote to Mr. Spurgeon, asking him to hear him speak, and he could not tell him it was true. "Would Mr. Spurgeon write and tell him if it really was so?"

"I cultivate my flowers and burn my weeds. Yours truly, C. H. Spurgeon."

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes April 26, 1902: "For 10 to 12 years I had been afflicted with a malady known as 'the itch.' The itching was most severe at night. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that on one single application of Balsam of Sassafras I was entirely relieved and permanently. Since then I have used the liniment on two separate occasions for ring worm, and it cured completely, 25¢, 50¢ and \$1. Sold by St. Bernard Drug Store.

The primal parent bower bird was born with bird veins. This re-markable bird comes to its home nest with all sorts of ornaments—feathers, bits of wood, etc., and when it is in captivity any objects which it keeps may throw in the cage are utilized for ornaments—pieces of cloth, glass and other rubish.

The Yellow Fever Germ.

has recently been discovered. It bears a close resemblance to the malarial germ. To free the system from disease, get the most effective remedy. Dr. King's New Life Pill. Guaranteed to cure all diseases due to malarial poison and constitution. 25¢ at St. Bernard Drug Store.

On leaving a Paris theatre a German gentleman felt for his watch. It was gone. Having a strong suspicion, he laid violent hands on a man who was known to have given up the tickler. When he was home, he found his own watch lying on the table—Paris Journal.

A man who once had rough, horny bands made them soft and smooth with Witch Hazel Salve, but he used the genuine—thus bearing the name "Dr. C. D. Wit's & Co., Chicago." For sore eyes, burns, boils, warts, etc., it has no equal, and affords almost immediate relief from blind, bleeding, itching and protruding pills. Sold by Jno. X. Taylor.

Buster Brown.

The successful cartoon comedy, "Buster Brown," is probably the best known piece of show property on the road and to use a patent medicine, "Buster Brown Honey," for it. Manager Jas. Francisco, of the Morton Theatre, Madisonville, will play this attraction Monday night, Feb. 8, when it is safe to say the theatre will be packed from pit to dome. A large chorus and numerous other embellishments accompany the organization and a most satisfactory performance is assured.

Croup.

Begins with the symptoms of a common cold; there is chills, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. The remedy is Dr. King's New Life Pill. When you see the first sign of a croupy cough apply frequently Dr. King's Honey and Syrup (the child will cry for it), and at the first sign of a croupy cough apply frequently Dr. King's Honey and Syrup Liniment to the throat.

Mrs. A. Villet, New Castle, Colorado, March 19, 1902: "I think Balsam of Horehound Syrup a wonderful medicine. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other medicines. Our concern is German Syrup makes it possible for us to give such advice."

"We have over 35 years that one 75-cent bottle of German Syrup has speedily relieved the most coguous, bronchial or lung trouble and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders." [New trial bottles, 25¢; regular size, 75¢.]

Anxiety is the poison of human life. It is the parent of many a sin and of more miseries. In a world where everything is doubtful, where the future is dark, where the future is blest in disappointment, what means this restless stir and commotion of mind? Can your solicitude concerning the future be the anxiety of human events? Can your curiosity pierce through the cloud which the Supreme Being hath made to prevent us to man's eye? To provide against every important danger by the employment of the most promising means is the office of wisdom, but at this point wisdom stops.—Selected.

"There seems to be a mistaken impression abroad," remarked a doctor the other day in speaking of the cure of a man who had his tongue cut off. "I am sorry to say that of cancer of that member, 'that when a man is unfortunate enough to lose his tongue therefore all power of speech is lost.'"

While it is true that not many men survive this operation for any great length of time, it is equally true that they can talk again as they then can with only a complete speech impediment in their utterances.

If you will hold a pencil crosswise between your teeth and speak with it, you will find that speech can get just the effect it has on human speech when the tongue is entirely removed."

Men Past Sixty in Danger.

More than half mankind over 60 years of age are subject to kidney and bladder trouble, usually the result of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the earliest possible stage; as follows: 1. Soothing and kidney truffles for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 30 years, also 100 years past.

Sold by Jno. X. Taylor, Druggist.

A human being is a queer animal after all. It eats poisons and pay fancy prices for them yet a virtue of 20 years ago. Dr. King's New Life Pill is a good example. A farmer said the buzzards in his locality were almost starved, and to test the matter he killed a "possum and put it in a trap. The buzzards easily found the vulture would not touch it, though they examined it carefully. Not satisfied the farmer put a dead possum in a buzzard trap and spread it out, but the buzzards declined the feast.—Greensboro (Tenn.) Record.

A Healing Gospel.

The Rev. J. C. Warren, pastor of St. Barnabas Church in Belpoint, Ga., of Ebenezer Church, says: "Godsend to mankind!—I cured me of lame back, stiff joints, and complete physical collapse. I was so weak I could not walk a mile. Two bottles of Dr. King's Bitters have made me so strong I have just walked three miles in 60 minutes and feel like taking three more. It is a great cure of many greatest remedy for weakness and all stomach, Liver and Kidney complaints. Sold under guarantee at St. Bernard Drug Store. Price 50¢.

The latest government statistics state that the United States produced 19,998,000 barrels of salt during the year 1900. This is the smallest output since 1898, and shows that the use of salt is decreasing. Success. This is probably due to the recent disclosures of eminent scientists that people eat too much salt. The salt we eat is natural salt in the water we drink, in the air we breathe, and in the fruits and vegetables we eat to supply the human system without spending it uselessly on our diet. These diseases are now placed to the use of salt.

Just a little Kodol after meals will relieve that fulness, belching, gas on stomach, and all other symptoms of indigestion. Kodol digests what you eat, and enables the stomach to digest and excrete the food more easily. The management has spent no expense in making this an organization second to none in face comedy.

The High Art Store

Has Repeatedly

Called the attention of its out-of-town trade to the enormous values given in our MID-WINTER SALE of Men's and Boys' Heavy Wear. Men's and boys' labor and distance have taken advantage of these announcements much to their profit and pleasure. Our great desire in appealing weekly to our trade is at all times to keep them constantly informed as to what is going on or doing in seasonable wearings, and also to keep them in season and out of season in touch with the latest fashions in the shape of dependable and reliable wear, whether at regular, mark-down, discount or special sale prices. Spring is some distance off and we lots of cold days yet to come so let us hope you will be as comfortable with something in the way of a HIGH ART Suit, Overcoat, Trousers, Hat, Cap, Shoes or whatever you may desire. Come in, we will take you only a few minutes to select, and that, that you select. It may take months or years to wear out. Besides there is the saving in cost.

Mitchell Charter.

It is announced that Rev. J. W. Mitchell and Miss Lucie Charter will be united in the holy bonds of matrimony tomorrow at the Christian church in this city. The ceremony will be performed by Rev. H. P. Smith, of Hopkinsville. Bro. Mitchell was formerly the Christian minister here and numbers his friends by the score. Miss Charter is an estimable woman and comes to this community highly recommended. Her home is in Illinois but she has been visiting in California for some time.

The people of Earlinton extend them hearty welcome and are pleased to have them make their home here.

Frakes-Stone.

The marriage of Mrs. Carrie T. Frakes and Mr. Albert Stone, of Louisville, is announced to take place in April.

Mrs. Frakes has been the proficient St. Bernard hospital nurse at this place for the past months and is a favorite both professionally and personally. She has made many warm friends here, inspiring her short stay who regret to lose her from their midst.

Mr. Stone holds a responsible position in Louisville where they will reside.

Switchman Robt. Priest and wife visited relatives and friends at Mortons Gap Sunday.

Conductor Curtis Lane, of Howell, Ind., was in the city Sunday visiting friends and relatives.

Engineer Peyton Boxley is on the interurban now during the absence of Engineer Whalen. Another coach is being carried on the interurban until circuit court is over.

Geo. Maddox, of Nashville, conductor on the Florida Limited, visited friends here Saturday.

In January the L. & N. gave the Louisville shops orders for 750 drop bottom gondolas, 100 refrigerator cars, 4 vestibule coach and baggage cars, 100 stock cars, 3 straight vestibule coaches with smoking apartments, 2 baggage and mail cars, and 50 flat cars. These orders were turned in for 750 box cars, 200 coke cars, 50 ore cars, and 50 flat cars. These orders will keep the shops working at full capacity until the early fall, and it is said that more orders will be turned in long before these are completed. It is also said that another addition will be made to the Decatur shops which will increase the capacity about 25 percent. Besides this work the company is building fifty locomotives and fifty first-class passenger coaches in the Louisville shops, and has orders with the Pullman Company for several modern dining cars.

Gov. Patterson, of Ohio, last week signed the Freiner two-cent fare bill and it is now a law. Its operation does not go into effect, however, for thirty days. The law provides that two cents shall be the maximum rate charged in Ohio for transporting passengers on railroads of that state for all distances in excess of five miles.

Announcement has been made that the construction of the Kentucky Midland Railroad will commence in two weeks. This road is twenty-six miles in length and runs from Madisonville to Central City. It will traverse a rich coal field and Hopkinsville and Muhlenberg counties and connect with the L. & N. at Maticville and with the Illinois Central and O. & N. at Central City. The line is to be completed by Aug. 1, 1906. The new road is to be built with seventy pound steel rail, having a maximum grade of one percent, and a maximum curvature of four degrees. There will be a tunnel through Muhlenberg Ridge about 750 feet in length, and a pile bridge one mile long over Pond river. It is also said that arrangements have been made for construction of twelve miles, covering the distance from Central City to the coal fields at Earles, Muhlenberg county.

NATIONAL EDITORIAL ASSOCIATION

Executive Committee Meets at French Lick Springs, Indiana.

ANNUAL MEETING JUNE 13—INVITED TO VISIT LOUISVILLE.

Fifty-two members of the Executive Committee of the National Editorial Association, some with their wives and daughters, visited French Lick Springs, Ind., last week to arrange for the annual meeting, which will be held in Indianapolis in June. At a business session Friday June 13 was the date set for the meeting, and a program for a three days' session was arranged. The editor of THE BEE had the pleasure of representing Kentucky at this meeting.

Trips will be made to Terre Haute, Linton, Bedford, French Lick, Bloomington, Lafayette, Logansport, Peru, Wmona, then to Chicago and the lakes. A dinner was given by Mr. Taggart Friday evening, followed by a musical. The committee accepted an invitation to visit Louisville Saturday, when most of the party went to Kentucky's metropolis for a brief visit. The party was met at the train by the Entertainment Committee headed by Col. Marion E. Taylor. Mayor Paul Barth was prominent among the party that received the newspaper men.

Special trolley cars were waiting and the city's guests were taken to the big Ballard brewing mills where the beer was shown through and given the most cordial treatment. The party was then conducted to the new shops of the Louisville & Nashville railroad, where they saw locomotive and car building along modern and mammoth lines. After this elaborate luncheon was served at the Seabach Hotel. Addresses of welcome were made by President E. H. Bowen, of the Board of Trade, and Mayor Paul Barth, and an urgent invitation extended the Association to meet in Louisville in 1907.

Other speeches were made by A. Y. Ford, W. B. Haldeman and E. J. McDermott, for Louisville, and responded to by members of the association.

BARNESY OFFICIALS BUSY.

Five Arrests Sunday Night—Pale Ale Plays Part.

Marshal Maxwell made five arrests Sunday night, said to be chiefly drunk and disorderly and incited by "pale ale." Three of the young men who made this unexpected bow to the new ordinances and town organization of Barnesy were residents of Earlinton. The other two were citizens of Barnesy.

Three were tried Monday afternoon and fined from \$2 to \$50 and costs. The other two met their punishment at a later trial. The Barnesy city fathers say they mean to have the laws strictly enforced against all trespassers.

Louisville, Ky., June 16, 1901.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I am 68 years of age, and have been a physician for 48 years, and have had trouble, and since using less that one bottle of your Texas Wonder Hall's Discovery, I have had two operations, and I feel that I am almost cured, and can cheerfully recommend you to the public. Yours very truly,

SENSATIONAL CHARGES.

Representative Barry Says Thousands of Dollars Paid on State Payroll.

FOR WHICH NO SERVICES HAVE EVER BEEN RENDERED.

Frankfort, Ky., Feb. 13.—Representative Barry started a lively debate in the House this morning by offering a resolution increasing the number of members of the investigation committee by adding R. W. Miller, Virgil McKnight, B. O. Becker and John A. Stevens.

An attempt by Tom Drewry to secure reference to the Committee on Rules, failed. Mr. Barry then demanded a roll-call on his resolution, claiming that every effort had been made to throttle his committee, and that he had been unable to secure a meeting of the committee.

"I have positive evidence," said Mr. Barry, "that hundreds, yeas thousands, are being paid for services never rendered; that many men are now being carried on the State payroll who are turning over portions of their salaries to people at home in payment of ante election obligations and to keep them quiet."

MARCH 16.

Day Set for Garth Thompsons to Hang—Governor Refused Appeal for Mercy.

Friday, March 16th, is the date set by Gov. Beckham for the hanging of Garth Thompsons. On this morning at sunrise Thompsons will pay the penalty for the murder of Jim Brane, colored, on the night of Dec. 24th, 1902. According to the law a scaffold will be built surrounded by a high board fence that will shut off the view of the public. This will be the fifth hanging in Hopkins county and the first one for several years.

JACK THE STABBER SANE

The Commission of Physicians Which Examined John Brady Will So Report.

St. Louis, Feb. 14.—The commission of alienists, selected by Circuit Attorney Sager, to ascertain the physical and mental condition of John Brady, the self-confessed woman stabbler, made an examination of the prisoner Tuesday, and will submit a report to Mr. Sager assuring him that Brady is of sound mind and physique.

It is stated that the neurologist who examined the prisoner all agreed that the stabbler is a sane person. He has peculiar failings, but just what may be their nature has not yet made public.

—Handa's on a Steeves. Boston, Feb. 14.—The Hanover bank has been placed in the hands of Charles C. Barton, of Boston, as received by Judge Braley, of the state supreme court. The bank, a West Virginia corporation, was closed last week on the ground that it was insolvent. Its liabilities are placed at \$35,000.

I have had the recommended Kodol, and it has relieved me. I can now eat anything and sleep soundly at night." Kodol digests what you eat. Sold by Jno. X. Taylor.

FIFTY-NINTH CONGRESS
The Senate Devoted the Day to the Shipping Bill and the House Fortifications.

Washington, Feb. 14.—Aside from the time required for the consideration of routine business the sitting session of the senate, Tuesday, was devoted to amendments to the shipping bill. The principal speakers were Messrs. Spender and Allison, who criticized various features of the measure, and Mr. Gallop, who spoke in favor of a guard in support of the shipping bill.

The fortifications appropriation bill held the attention of the house, and was the text for considerable heated arguments, first over the lax methods of expenditure of public moneys, and second over the location of the proposed \$15,000,000 naval station for the Philippines.

We wish to ask that all who have a favor to the Bee do us the favor of mailing the same to me not later than Monday of each week.

THE MINERS AND THE OPERATORS

BOTH SIDES PREPARING FOR THURSDAY'S MEETING.

EACH HAS ITS PROGRAMME

They are not, however, giving them out in advance, and both may be amendable to conciliatory effort.

New York, Feb. 14.—The special committee of the anthracite mine workers, numbering 36 men, held its first meeting, Tuesday night, since coming to New York, at which it took up the demands of the miners and operators at the conference on Thursday. The sub-committee which has had charge of getting the grievances in shape for formal presentation to the employers, held an all-day session, but was unable to agree on a programme, in order to save time to-day, it was decided to call the full committee together Tuesday, formally to go over the work that had been completed.

President Mitchell and the miners are in full agreement on a statement as to the exact nature of the demands to be made. It is understood, however, that the miners will put up a strong fight for a change in the methods of the board of conciliation. The mine workers are dissatisfied with the methods of the board of conciliation and say there will always be friction until a better method of settling disputes is found. There is a growing belief that if the operators will be liberal in granting concessions to the miners, the demand for a change in the methods of conciliation will be pressed. It is realized that it may require a considerable effort to obtain even this result.

Edward McKay, of Pittsburg, a national organizer in the miners' union, who was with Mr. Mitchell for the purpose of discussing the situation in the Pittsburg district, is ill in a Jersey City hospital. He was taken sick on a train while en route to New York. His condition is not regarded as serious.

Have Agreed Upon a Policy.

New York, Feb. 14.—The anthracite mine operators, including the presidents of the coal carrying railroads and several independent operators, came to a general agreement Tuesday night to the policy they will adopt to meet conciliators' demands on Thursday between themselves on the one hand and the president and other representatives of the United Mine Workers on the other. All the presidents of the anthracite roads and a number of independent operators also agreed to be present, and included 15 of the miners' committee, including President Mitchell. It is expected that the miners' committee will put forward their demands at the first meeting. The miners' committee is then to adjourn to consider the operators' demands and to consider their reply. The president of one road said that while the operators know their position, they will not act hastily, but give due consideration to the demands of the union.

FAMINE IN NORTH JAPAN

The President Issues an Appeal to Americans to Send Help From Their Abundance.

Washington, Feb. 14.—President Roosevelt, in an appeal just issued, takes cognizance of the famine which has grown to serious proportions in northern Japan. The famine situation in northern Japan is proving much more serious than at first supposed, and thousands of persons are on the verge of starvation. It is a calamity such as may occasionally befall any country.

"Nationalities should stand ever ready to aid each other in distress, and I appeal to the American people to help from their abundance their suffering fellow men of the great and friendly nation of Japan."

LAST RITES OF THE CHURCH

John A. McCall, Former President of the New York Life, Dying at Lakewood, N. J.

New York, Feb. 14.—The last rites of the Roman Catholic church were administered, Tuesday, to John A. McCall, former president of the New York life Insurance Co., at Lakewood, N. J., where he has been seriously ill for some time. Father James of the Convent of the Immaculate Conception, the McCall family has attended, whenever at Lakewood, officiated. Mr. McCall had had a sinking spell and the doctors had been hastily called. His condition was such that his family was advised to prepare for the worst. Subsequently, Mr. McCall rallied somewhat, but his condition remains critical.

Humor and Philosophy

By DUNCAN M. SMITH

THE MERRY ONE.

Be the village cup—
Must be a pleasant stout,
To have a style that makes men smile
When you step down in front;
Then comes the time for a quiet hour,
Though it is feeling blue;
To scatter chaff that it may laugh
And thus its youth renew.

The jester has a smile,
The jester must allow.
Life would be worth without his mirth
Must let that be now,
For somehow when we're weary
He seems to lift the load
By asking us, with sober eye,
The task is not the road.

A laugh is surely better
Than pale and patient pills,
And as a cure 'tis quite as sure
For the jester's a jester;
And he who starts the ripples
That resound clear to our socks—
Does things that make our old sides
Shake.
Beasters powders in a box.

The man deserves a pension
Who drives the bus about;
The jester has his hands with toll
For thirty cents a day,
But as the village cup,
He's a jester, and a jester-hand
Odd yarns to spin that make us grin
To beat the jester.

A laugh is surely better
Than pale and patient pills,
And as a cure 'tis quite as sure
For the jester's a jester;

And he who starts the ripples
That resound clear to our socks—
Does things that make our old sides
Shake.
